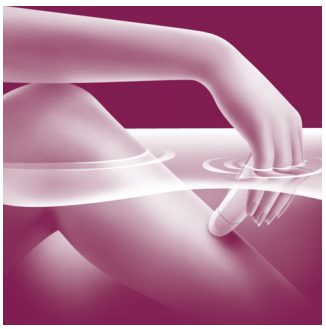
Highlights

Epilate in shower or bath

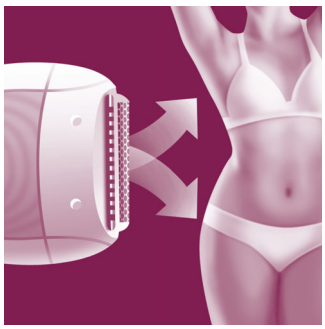


Epilating in water makes hairs easier to remove. Gentle tweezing discs remove hairs from the root without pulling skin.

Cooling ice glove

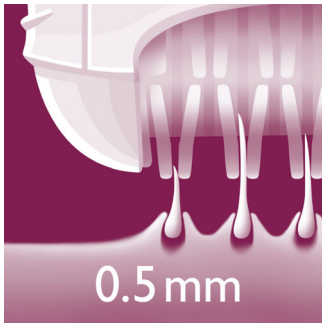
Ice helps to close the pores and follicles after epilation and soothes skin. Using the cooling ice glove after epilating in the shower or bath helps leave skin smooth and radiant.

Shaving head and comb



Use shaving head to removes hairs from sensitive hairs. Comb trims longer hairs pre-epilation and can also be used to shape bikini line.

Root hair removal



Epilation removes hairs from the root. Hairs grow back finer and more slowly. Results last up to 4 weeks.

Two speed settings

This epilator has two speed settings. Speed 1 for extra gentle epilation and speed 2 for extra efficient epilation.

Fully washable

Rinse the epilator under running water for optimal hygene maintenance.

Cordless & Rechargeable

Up to 30 minutes wirefree epilation, quick 1-hour recharge.
